As soon as you visit our “fish-friendly” office, you’ll know you’re not in an ordinary place. Here you’ll find a friendly orthodontist who takes extra care with every patient. One whose priority is researching every new advance that can lead to faster, more comfortable, more effective treatment. One who treats you like a person, not just a patient, and does everything in his power to help you relax and enjoy your visits.

Dr. Perret believes that every smile is unique, and that’s why you deserve an extraordinary orthodontic experience that caters to your comfort and your lifestyle. He’s dedicated to creating an attractive smile that will last you a lifetime. In the meantime, Dr. Perret and his staff will do all they can to make sure you smile every time you visit our office. Welcome to the exceptional orthodontic care you and your family deserve.

**OVER A DECADE OF EXPERIENCE  
TRUSTED BY THOUSANDS OF PATIENTS**

*Every smile is special. That's why Dr. Perret gives every smile the personal attention it deserves.*

**YOUR SMILE'S  
LIFEGUARD:  
DR. PERRET'S  
QUALITY, ONE-ON-ONE CARE**

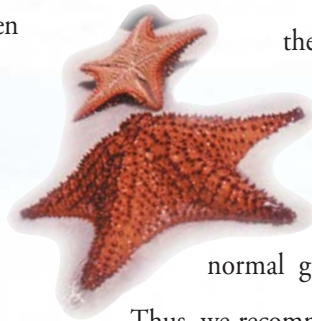

Dr. Perret combines an excellent education, the benefits of experience and personalized care with today's most advanced treatment options. You'll appreciate the difference of an orthodontist who gives you his undivided attention and is committed to your concerns. And you can always trust that you're getting effective, advanced orthodontic care. Plus, Dr. Perret is the only orthodontist who's serving the New Tampa area full-time. That means he's there when you need him. You'll even know how to contact him

24 hours a day for emergencies. If you've ever wanted to improve your smile, schedule your private consultation today to find out if Dr. Perret can help you (or your adults) with your orthodontic needs.

**SUNSHINE SMILES:  
INTERCEPTIVE CARE  
HELPS YOUNG SMILES DE-  
VELOP PROPERLY**

Dr. Perret's goal is to help children have the healthiest smile possible with the least amount of time in braces. While many orthodontic problems are actually preventable if they're caught early enough,

Dr. Perret also knows that many problems may correct themselves through normal growth and development. Thus, we recommend children as young as 7 see Dr. Perret for a thorough evaluation. When necessary, Dr. Perret provides interceptive techniques to guide jaw development and

make room for your child's permanent teeth, correct overbites and underbites and help avoid the need for surgical correction in the future. Plus, Dr. Perret's interceptive orthodontic treatment plans can often reduce treatment time and avoid the need for extractions if your child needs braces later on.

## **SUNSET SMILES: WHO SAYS YOU HAVE TO BE A KID TO WEAR BRACES?**

It's never too late to improve your health and your appearance with orthodontic treatment. Our goal is to improve function and aesthetics at any age. Braces can do more than straighten teeth, improve bites and align jaws. They can make you happy. Just look around. The people who smile the most

have beautiful smiles and confident self-images. And thanks to Dr. Perret, you can too. He will work with you to achieve optimal results. And you have all the same exciting options children have, including clear, silver and gold braces and practically invisible Invisalign.™

## **MAKING YOUR CARE A DAY AT THE BEACH**

We like to make our patients smile at every visit, so we offer the fun things kids (and their adults) love, including:

- **Gold and silver braces**
- **Clear braces and Invisalign™**
- **A fun selection of colors**
- **Customized retainers**
- **A relaxing, fish-friendly environment**

## "FISH FRENZY": OUR SPECIAL INCENTIVE PROGRAM

Whatever your age, we want your orthodontic experience to be as fun and rewarding as possible. And that's just what Dr. Perret's "Fish Frenzy" incentive program does. It rewards you for keeping your appointments, maintaining good oral hygiene, avoiding foods that can damage your braces and more. Each time you visit, you could be eligible to enter our monthly drawing for fun prizes like CDs, movie tickets, gift certificates and books.

## ANCHORS AWEIGH: STRAIGHTER SMILES... FULL SPEED AHEAD!

On-time scheduling combined with a state-of-the-art braces system allows us to move your treatment along with greater comfort and efficiency. In fact, the main complaint Dr. Perret hears is that his patients don't have time to finish their magazine articles in the reception room!

*Don't you ... and your adults ...  
deserve a smile as warm  
as a day at the beach?*

## SMOOTH SAILING: CON- VENIENT AND AFFORDABLE CARE

We know how busy you are, so we do everything we can to make your treatment fit your schedule — and your budget — with the following convenient options and extra amenities:

- **24-hour access for emergencies**
- **Flexible appointment times**
- **Insurance accepted and filed**
- **Visa and MasterCard welcome**
- **Interest-free payment plans**
- **Discounts for families and upfront payment**
- **Friendly, helpful staff**
- **On-time scheduling**
